

An Elegant *Country* Venue

Catered to those who desire a stylish destination
experience only 30 miles from Portland.

Our Story

Wonsler Woods Estate is the culmination of over a quarter century of celebrating life, love and creating good memories with family and friends.

It began when Mark and Jean Wonsler bought a 622 acre tree farm and built their dream home where they raised four children. After becoming empty nesters, Mark and Jean decided in 2013 to share their love of their home by opening it up for weddings and events. After over three years of renovations they take great pride and pleasure in sharing “their piece of heaven” with others.
